

# AEROSEAL AA140 Anti-corrosion tape

Propelling Innovation Forward

Aeroseal AA140 is a single sided moisture barrier tape created to protect against moisture penetration on flat and irregular surfaces and is approved by Boeing for all 737s (Max and NG) for aftermarket use. It can be used in many areas to protect against corrosion such as galleys, under lavatories, door sills, floor boards, stringers, and more.

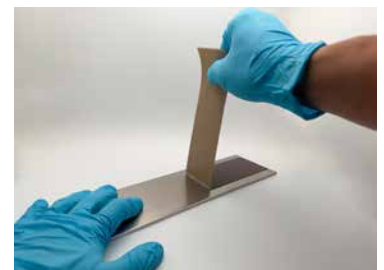

## Product Benefits

- Easy Installation
- Good adhesion to most substrates
- Clean/easy removal at maintenance checks
- Cost/time savings due to clean/easy removal compared to competitor

Part Number	Desc	Nitto Part Number
AER0SEAL-AA140-100-1IN-12FT	1"x12'	AA140-100
AER0SEAL-AA140-125-1-25IN-12FT	1.25"x12'	AA140-125
AER0SEAL-AA140-150-1-5IN-12FT	1.5"x12'	AA140-150
AER0SEAL-AA140-200-2IN-12FT	2"x12'	AA140-200
AER0SEAL-AA140-225-2-25IN-12FT	2.25"x12'	AA140-225
AER0SEAL-AA140-250-2-5IN-12FT	2.5"x12'	AA140-250
AER0SEAL-AA140-300-3IN-12FT	3"x12'	AA140-300
AER0SEAL-AA140-350-3-5IN-12FT	3.5"x12'	AA140-350
AER0SEAL-AA140-375-3-75IN-12FT	3.75"x12'	AA140-375
AER0SEAL-AA140-400-4IN-12FT	4"x12'	AA140-400

Easy to installation and pliability

Easy and clean removal
